HOW A&P HELP THEIR CLIENTS ?

The entrance of new businesses using digital and data-driven technologies on the market is putting pressure on existing organizations to set up digital and data-driven initiatives. These new technologies are changing the traditional business models and allow new entrants to approach potential clients more effectively and on a larger scale.

A&P is a consulting firm for Businesses & Professionals. Cutting-edge advisory on trust matters in the digital era leads to better customer acquisition, greater customer loyalty, and more revenue.

A&P brings a pragmatic solution adapted to the size (SME, PME or Big Enterprise) and budget ('Chèques entreprises', Brussels subsidies, ...) of your business.

03 DPO As a Service

Operating the DPO office or supporting the DPO by external services. Develop processes and implement required operations (GDPR article 39/1).

- Regulated DPO Activity.
- Implementation Oversight.
- Awareness Education.
- Dashboard and Reporting.

04 Data Breach Support

A Data breach can be a nightmare for most of organisations due to the implementation of GDPR. Ataya & Partners can support you to quickly and effectively communicate the GDPR's 72-hour data breach notification requirements to the local Data Protection Authority.

Deliverables:

- Data Breach Management.
- Incident Management.
- Cybersecurity Guide.

A&P AND SOLVAY EDUCATION

Over the past 20 years, Ataya & Partners and ICT Control has become a strong reference in the training and education domain, mainly through their activities at Solvay Brussels School, where Georges Ataya is the founder and Academic Director of the Digital Transformation, Governance and Trust post-graduate and executive education.

This is the reason why A&P education are based on the competences inventory as lectured at the Program in European Data Protection, IT Management Education and Information Security Management.
